## County of the Isle of Anglesey

### Summary of Final Recommendations

#### **Who we are :**

The Local Democracy and Boundary Commission for Wales is an independent Welsh Government Sponsored Body.

It was established under the Local Democracy (Wales) Act 2013 with the main purpose of publishing a programme of work which keeps under review the electoral arrangements for the 22 principal councils.

The Commission makes electoral review recommendations, which it feels are in the interest of effective and convenient local government.

This review has been conducted as a result of the former Cabinet Secretary for Finance and Local Government's Written Statement of 23 June 2016 as part of an all Wales review programme for the 2022 local government elections.

## Summary of our Recommendations:

The Commission recommends a council of 35 members, an increase from 30.

The Commission recommends a change to the arrangement of electoral wards that will achieve a marked improvement in the level of electoral parity across the County of the Isle of Anglesey.

The Commission recommends 14 electoral wards, an increase from 11 existing wards.

The largest under-representation is recommended to be 23% above the proposed county average in **Bro'r Llynnoedd** and **Twrcelyn**.

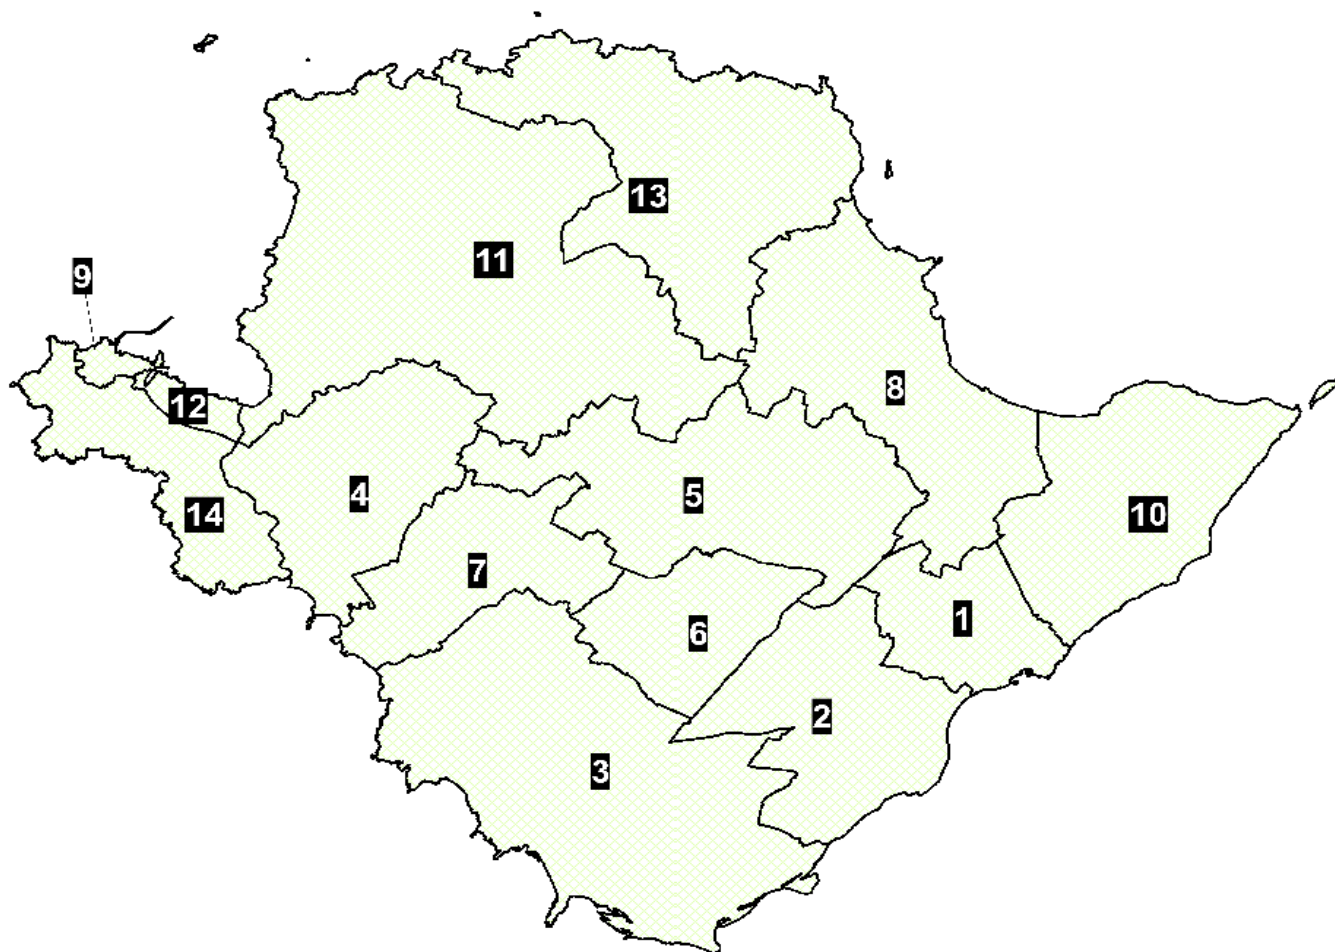

The largest over-representation is recommended to be 21% below the proposed county average in **Cefni**.

The Commission recommends 14 multi-member wards ward in the County consisting of seven two-member electoral wards and seven three-member electoral wards.

The Commission recommends no change to six electoral wards.

## What happens next?

We have now completed our review of electoral arrangements for the County of the Isle of Anglesey.

It now falls to the Welsh Government, if it thinks fit, to give effect to these final recommendations either as submitted, or with modifications.

The Welsh Government may also direct us to conduct a further review.

## Our Final Recommendations:

The table lists all the wards we are proposing along with the number of voters in each ward. The table also shows the electoral variances for each of the proposed wards, which tells you how we have delivered electoral equality. Finally, the table includes electorate projections for 2024, so you can see the impact of the recommendations for the future.
