1. Please provide a brief description of the policy/decision.

For example what is the overall objective of the policy/decision, what are the stated aims (including who the intended beneficiaries are), a broad description of how this will be achieved, what the measure of success will be, and the time frame for achieving this?

Recommendations for electoral arrangements for the County Borough of Wrexham which provide for effective and convenient local government, in accordance with the Local Government (Democracy)(Wales) Act 2013.

The Act prescribes the factors the Commission must consider in recommending arrangements. The paramount of these is to seek to ensure that the ratio of local government electors to the number of members of the council to be elected is, as nearly as may be, the same in every electoral ward in the principal area.

2. Is this policy based on a Welsh Government (or other Government Department) policy? If so, to what extent? Does an EIA exist for this policy?

The Commission's reviews are conducted in accordance with the Local Government (Democracy)(Wales) Act 2013. An EIA is conducted as part of every piece of legislation that passes through the Senedd.

3. What steps have you taken to engage with stakeholders, both internally and externally?

The Commission's reviews are conducted in accordance with the Local Government (Democracy)(Wales) Act 2013.

Sections 34 – 36 sets out the procedure for consultation and the mandatory consultees. The Commission's initial public consultation started on 15 October 2018 and ended on 7 January 2019. The consultation on the draft proposals commenced on 14 January 2020 and was due to end on 6 April 2020. Due to the COVID-19 Pandemic, the consultation was paused on 27 March 2020. The Consultation then re-opened on 1 July 2020 and closed on the 13 July 2020.

4. Your decisions must be based on robust evidence. What evidence base have you used? Please list the source of this evidence. Do you consider the evidence to be strong, satisfactory or weak and are there any gaps in evidence?

The Commission received no evidence that the Commission’s proposals would have an impact on any groups in a positive or negative way.

It is important to note any opportunities you have identified that could advance or promote equality.
